

FACT SHEET – RESIDENTIAL RATES – 2024/2025

RESIDENTIAL RATE CATEGORIES

Council adopted its budget at a special meeting on 25 July 2024 including its revised rating strategy. Council must calculate the rates for land by using the rateable value of the land. The general rate has been increased of 4% for all rating categories. Utility rates have increased by 6% across all categories. On average a typical residential property will see an increase of less than \$100 per half year rate notice.

Limitations

Landholders that experienced changes in land valuations (2022/2023 revaluation) that came into effect 1 July 2023 will continue to see a 30% limitation (excluding feedlots). It is noted however that a majority of our residential categories did not change. Landholders who disagree with their land valuation can contact the Valuer General to dispute the valuation.

Discount Period Extended

Council has applied a 10% discount for a period of 30 days for both the August 2024 and February 2025 levy. Pension concessions will still apply.

Utility charges

Water and sewerage along with cleansing (waste) services have been increased by 6% to ensure full cost recovery for the services provided. Increasing compliance requirements from the Environmental Protection Authority for our landfill sites and rising contract costs are the main reasons for the increase. Waste utility charges in Mungindi will remain consistent with Moree Plains Shire Council including a 5% administration fee across all categories.

River Water Charges – St George – Residential and Rural Residential only

Council has adopted a scale of excess charges on water allocations for river water in St George. Refer to the Utility Fact Sheet for more information.

When will the changes occur?

Council must set its rates and charges each financial year. The budget was adopted at its Special Meeting on 25 July 2024. Council will levy rates in August and February each year.

Why the change?

Council's adopted its rating strategy is consistent with the principles of its Revenue Policy and recommendations of the Queensland Audit Office for councils to:

- consult with the community and adopt a long term rating strategy;
- ensure that annual revenue statements on rates and charges support financial sustainability.

The rating strategy has been developed to ensure equity and fairness and provides a similar rate revenue base for council to maintain existing facilities and necessary services.

Payment Options

- A payment arrangement can be agreed that will ensure no interest is accrued if the payment arrangement is met;
- Pre-payments can be made prior to levying by contacting Council

To receive your rates notice by email complete a change of address form located on our website. For more information on each of the rating categories or changes refer to the Rates Fact Sheets at www.balonne.qld.gov.au or contact Council on (07) 46208888 or at council@balonne.qld.gov.au or by posted PO Box 201, St George, Qld 4822.
