Preamble

- i. The relevant planning scheme for this development is *Balonne Shire Planning Scheme 2019*. All references to the 'Planning Scheme' and 'Planning Scheme Schedules' within these conditions refer to the above Planning Scheme.
- ii. Under the Balonne Shire Planning Scheme 2019 a “**Telecommunications Facility**” means premises used for systems that carry communications and signals by means of radio, including guided or unguided electromagnetic energy, whether such facility is manned or remotely controlled.
- iii. The *Environmental Protection Act 1994* states that a person must not carry out any activity that causes, or is likely to cause, environmental harm unless the person takes all reasonable and practicable measures to prevent or minimise the harm. Environmental harm includes environmental nuisance. In this regard, persons and entities involved in the operation of the approved development are to adhere to their 'general environmental duty' to minimise the risk of causing environmental harm to adjoining premises.
- iv. All Aboriginal Cultural Heritage in Queensland is protected under the *Aboriginal Cultural Heritage Act 2003* and penalty provisions apply for any unauthorised harm. Under the legislation a person carrying out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage. This applies whether or not such places are recorded in an official register and whether or not they are located in, on or under private land. The developer is responsible for implementing reasonable and practical measures to ensure the Cultural Heritage Duty of Care Guidelines are met and for obtaining any clearances required from the responsible entity.
- v. It is the responsibility of the developer to obtain all necessary permits and submit all necessary plans and policies to the relevant authorities for the approved use.
- vi. An operational works application will be required to be submitted to and approved by Council for any cut exceeds 100m³ and/or filling works that exceed 500m³.
- vii. In completing an assessment of the proposed development, Council has relied on the information submitted in support of the development application as true and correct. Any change to the approved plans and documents may require a new or changed development approval. It is recommended to contact Council for advice in the event of any potential change in circumstances.
